ICFAI University Jharkhand holds Industry-Academia Connect meeting

ICFAI University, Jharkhand today conducted a meeting of Industry-Academia Connect 2014 at its Ashok Nagar campus, wherein senior managers from industry from Jharkhand and faculty members of the University participated.

Welcoming the participants, Prof ORS Rao, Vice Chancellor of the University said that the objective of the meeting is to build a strong interface between the industry and the University for mutual benefit. "This meeting is useful for our University to understand the changing requirements of the industry so that we can groom our students accordingly. At the same time, the industry can understand how the capabilities and resources of the University can be leveraged for the benefit of the industry", added Prof Rao. Industry managers appreciated the initiative and mentioned that it helps in cementing the symbiotic relationship between industry and academia as partners.

Dr KK Nag , member , Board of Governors of the University, Dr Hari Haran, Academic Advisor , Prof Madan Prasad, Associate Dean, Faculty of science and Technology and other faculty members also participated in the meeting. ,
