

Faculty Development Programme (FDP) on "Technology Enabled Teaching" on Ranchi, 23rd Jan 2014

A Faculty Development Program (FDP) on "Technology Enabled Teaching" for the Professors and Senior Teachers of Intermediate Colleges and Plus-two Schools of Jharkhand was conducted by ICFAI University Jharkhand at its Ashok Nagar Campus on 23 January 2014. The purpose of the program was to acquaint them with the application of technology in classroom teaching and to apprise the participants to contemporary teaching tools while providing them with hands on approach to adopt the information technology enabled teaching methodology. Many teachers and professors from various schools of Jharkhand participated in the Program. They felt that the program was very useful and timely and would help them to improve their teaching methodology. They opined that more such contemporary programs should be conducted by the University. Prof. O.R. S Rao, Vice-Chancellor, ICFAI University Jharkhand, while welcoming the participants focused on technology in teaching-learning, the learning pyramid and gave an overview of technology tools being used world around for classroom teaching. Prof. R. P. Singh, Director, Academic Staff College, Ranchi outlined the importance of technology enabled teaching in today's perspective. Dr. K. K. Nag, Sr. Academic Advisor highlighted the methods and effectiveness of technology in classroom teaching. In her talk on "TEAL" Dr. Vandana Bhattacharjee, Professor, BIT Mesra, spoke on the various tools and their effectiveness in technology enabled active learning. Dr. B. M. Singh, Registrar, concluded the session and presented the vote of thanks.
