

Palaash

Newsletter of ICFAI University, Jharkhand | Volume VIII | No.11 | Jan. 2019 | Restricted Circulation Only

Dr. Pallavi Kumari
Asst. Professor

Dr. Bijoya Ganguly
Asst. Professor

With the onset of the chilling environment to face and give preview of a trailor what is yet to come, in the upcoming year a new excitement is still ushering in to our readers of 'Palaash'. We know how protective readers can become about the newsletters that they love to read and enjoy at the same. Its really a pleasure, to present 'Palaash' which unwinds itself and brings up exhilarating platform of contributions by academicians and vibrant students to say the best. We have also endeavored constantly to instill quality education to our students and the fruits we reap through our students to unleash wide spectrum of creativity blended with ethos of moral values and principles. We all want this to be a model for academician. There is no longer a single pathway to

success but only efforts bring out the best of it. If innovation and novel ideas are a key to a bright future, then we can surely remain assured of ICFAI's place under the pedagogic sun. We put forward a distinctive blend of offering in the areas of knowledge and enterprise in the form of encouraging students for activities like debates, participations in seminar, contest as well as organizing and talking part in various cultural events, mingle with also extra-curricular activities. It would be wrong not on our part to mention our Ph.D scholars and their contribution with their zeal to present their scholasy and invoking others too to follow.

We congratulate each and everyone from the core of the heart for their contributions and making 'Palaash' to bloom further in the vistas of academy.

From VC's DESK

Last few months have seen a variety of exciting activities at our University.

It is a matter of pride for all of us that most of the graduating students of 2018 got very good campus placements in reputed organisations, like Concentric, ICICI Prudential, Karvy Mutual Funds, Reliance Energy, One India Family Mart and Tata Consultancy Services (TCS). The credit for this goes to the concerned students as well as our faculty members that have groomed them. It was equally gratifying to note that eight of our graduating students started their own ventures, thereby becoming Job Creators, rather than Job Seekers.

During 2018-19 academic year, our University introduced two law programs, BBA-LLB and LLB, on receipt of approval from Bar Council of India and we received excellent response for both the programs. Our University continued to attract talented and experienced managers from reputed organisations like Amazon, Infosys, JBVNL, M&M etc for our 7th

batch of PhD Program (Part time) on Management. Our MBA program for Working Professionals continues to draw excellent response. Our faculty and PhD scholars continued to excel in research and publications.

A number of co-curricular and extra-curricular activities like seminars and debate competitions were conducted for all-round development of our students. Some of our students demonstrated their creativity in designing innovative Engineering models like Drones as well as developing software in cutting-edge technologies like Block-Chain. A number of our students not only participated in the external competitions but also excelled and got awards of recognition.

Our university continues to discharge its responsibility to the Society, by way of conducting remedial classes to the under privileged school students, active participation in Swatchh Bharat Mission , conducting Blood Donation Camps etc.

Placement Season for 2019 has just commenced and the initial indications are that placements may be better than last year. While all of our students are intelligent, they need to put in more concerted efforts to get selected in the highly competitive and demanding job markets. Our university will continue to support them in this endeavour.

I wish all of you and your families Season's Greetings and Happy New Year!

(Prof O R S Rao)
Vice-Chancellor

*May this new year be as bright as our galaxy
and lighten up your life with happiness and joy.*

Prof ORS Rao, our Vice Chancellor was invited as a Speaker at the Higher Education Conclave organized by ICC

Prof ORS Rao highlighted the need for a close industry-Academia interface, for mutual benefit and explained how ICFAI University Jharkhand has been leveraging its strong industry linkages for the benefit of its students.

Prof Ors Rao was Invited by SAIL HO to be on the Jury Panel to select Winner of Chairman's Trophy for Young Manager of the Year

Our nations pride indian Prokabaddi player
Rahul Chaudhary

ICFAI university feels proud to share the news of TIMES OF INDIA that Our students of MBA (Mr. Abhijeet Sinha) & MCA (Mr. Vishal Kumar Singh, Mr. Bhartendu Kunal, Mr. Tushit Verma & Mr. Saket Anand) have successfully initiated their first project on Block chain Technology which is led by Ranchi Mall and the project name is Silicon Valley To Ranchi Using this Technology (Block chain Technology) one can book Bus tickets from Home with NO EXTRA CHARGE, for buses going to all the routes from Ranchi.

We thank Mr. Rajeev Gupta (CEO Ranchi Mall) & Mr. Rohit Tripathy (Founder Ranchi Mall) for their support & Guidance during the project to our students.

Mr. Abhijeet Sinha(MBA)

Mr. Bhartendu Kunal (MCA)

Mr. Vishal Kumar Singh (MCA)

Mr. Tushit Verma(MCA)

Mr. Saket Anand (MCA)

Long-distance bus tickets now available online

TIMES NEWS NETWORK

Ranchi: Booking one-way long distance bus tickets for destinations to Giridih, Bokaro, Dhanbad, Patna, Daltonganj, Garwah, Varanasi and Biharsharif from Ranchi can now be done online, thanks to a city-based tech startup — Ranchi Mall.

Bringing together students of ICFAI University of Ranchi for implementation of the project, the startup has developed a blockchain-based service that allows users to book one-way bus tickets from the comfort of their homes and will make their travel from Ranchi easier.

Talking to **TOL**, Saket Anand, an MCA student of ICFAI who is currently working on the implementation of the project, said: "The process is much like ordering a service or product. A customer can call our helpline numbers to book a ticket and then make a payment through UPI. The digital ticket will be sent to their WhatsApp number or via SMS within an hour. This will help the travellers save time and even book the tickets in advance to avoid hassles."

Moreover, the travellers won't have to pay anything extra for the service. Started

The bus booking service is developed under the banner of 'Silicon Valley to Ranchi'; which is a program by Ranchi Mall to bring the businesses of Ranchi on one consolidated global platform

on December 3, it is already getting warm response from outbound travellers. The other routes in the service include Katihar, Kolkata, Sahibganj, Siliguri, Bhubaneswar and Muzaffarpur. However, the service is not yet available for getting return tickets or for inbound travellers coming to Ranchi.

The bus booking service is one of the very first projects developed under the banner of 'Silicon Valley to Ranchi'; which is a program by Ranchi Mall to bring the businesses of Ranchi on one consolidated global platform. Rajeev Gupta, the CEO of Ranchi Mall, said: "The initiative is the first one of its kind and aims to bring more consumers on board with a service that solves a problem. We hope that it becomes successful here in Ranchi and benefits the people here."

Social Outreach

Recently, Prof ORS Rao, VC of the University, interacted with the school children from the neighbouring Simalia village, who are being given remedial classes in the evenings, by the faculty members of the University, led by Prof Arvind Kumar, Associate Dean of FST.

Swachh Bharat Internships 2018

INTERNSHIP

COMPANIES THAT OFFERED SIP (A PARTIAL LIST)

PLACEMENT KUDOS !

The Limit

*Let there be no depth to ocean
Nor a fence to the sky,
The uniqueness of lives, just sonder
Add wings and learn to fly.*

*Let it be tough, no rose good without thorn
Fall, but only to rise !
Brood , weave it perfect as gossamer
Not just be it eternal, but guise !*

*A fighter hiraeth, a lone solitude
The agony of these sentiments,
Deep thought to life bring epiphany
Bring on ! Change on! Learn to amend.*

Afsha Khan
MBA-I

The Quest

*How do I behold the world
The blithe or the dolour ???
In the devastated seems no plumbless pain
Nor the realm of hopeful colours.
That what slay , is the asunderness
of world by mere wealth and power;
The evanescent relation, that shallowness
which satires the joyful life and lover.
And that which should keep us resplendent ,
the only lay, zephyr and splendid aurora.
How do I behold the world
The blithe or the dolour???*

I HONOR MY MOM.....

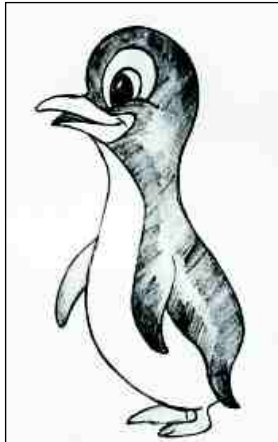

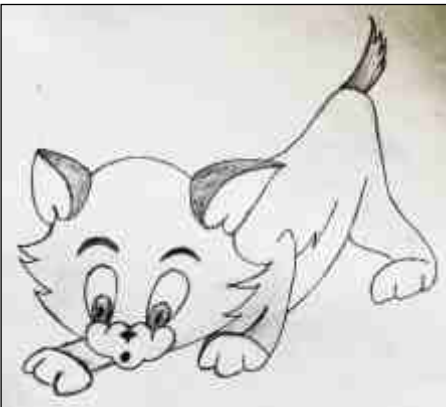

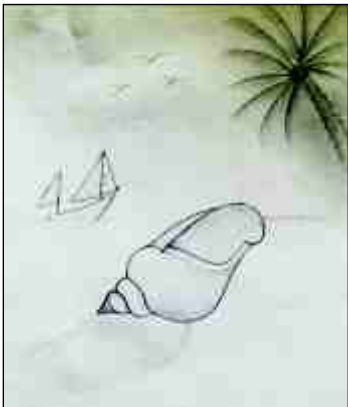

Nidhi Sinha
BBA-Vth Semester

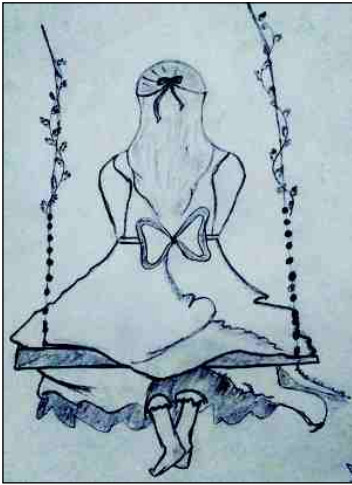

From the time we enter this world till we are carried off by the death, we come across many relationships in our lives. Some are just for a while, some deceive us and some leave us when we need them the most and some are with us because of their self-seeking attributes. But the one being that surpasses the care, affection and love of everybody for a person is the "Mother".

Currently I'm living in hostel to pursue my graduation so I didn't have the latest pic of me and my mom. But I swear with each passing years, our relationship is growing more beautiful that a heart can hold. Once incident I would like to share with you all, when I was in ninth standard I scored a poor marks in math's just below the expected level of mom and dad. I somehow managed to speak it out then they told me are you joking, how is this possible. Literally the statement was "Don't try to fool me, I know your real potential, you are among top five ranker of your class". I saw the confidence she was having in me, a believe that I can't score poor marks. At that very moment my tears rolled down my cheeks, I couldn't carry the pain my heart was holding. She came closure to me, holded my face in her palm and then hugged me. She told me this is not your final destiny and one small failure in class test can't beat your true potential. You will score high and achieve great. That very day, I realized only she know me better than anyone. Today also she know everything about me after listening my voice she can explain my state of mind and since childhood I used to share everything to her. She reads my mind and identifies the Strom which is inside it. Just I want to thank you for always teaching me the right from wrong. Your constant guidance has taught me so many things over the years. Whether it was deciding what I want to do when I grow up or choosing the right outfit to wear to a party. For always being there for me when I needed you , teaching how deal with your friends and enemies, for your unconditional love , for your blind trust on me , for being a role model of your daughter. Thank you so much mom from bottom of my heart for making my life beautiful life. Last but not the least you are fuel of my life. And my words are less to express my gratitude to towards as it is much more beyond it. Happy mother's Day not only to my mom rather all the mom in this world.

About IU Jharkhand

The Institute of Chartered Financial Analysts of India University, Jharkhand popularly known as The ICFAI University, Jharkhand was established under sub-Section (2) of Section 4 of the Institute of Chartered Financial Analysts of India University Act, 2006 (Jharkhand Act 08, 2007). The University is recognised by UGC under section 2(f) of UGC Act, 1956 and is empowered by UGC to award degrees under Section 22 of UGC Act, 1956. The University is a member of Association of Indian Universities (AIU).

The University is committed to creating and disseminating knowledge and skills in core and frontier areas through innovative educational programs, research, consulting and publishing, and developing a new cadre of citizens with a high level of competence and deep sense of ethics and commitment to the code of professional conduct. Core values of the University are integrity, respect for individual, student focus and quality.

The Visitor of the University is Her Excellency, The Governor of Jharkhand. The University is administered as per the Act, Statutes and Rules. The Board of Governors is headed by the Chancellor and has Vice-Chancellor and others as members. The Board of Management and the Academic Council are headed by the Vice-Chancellor. The Academic Council is responsible for all academic matters.

The University currently offers undergraduate, graduate and doctoral programs in management and Bachelor's programs in Engineering, Commerce, Science & Technology, Law and Diploma Program in Technology (Polytechnic).

All programs offered by the University have contemporary curriculum, in-line with the latest developments and as per the changing requirements of industry.

In order to provide hands-on skills to the students, Internship / Project in industry is mandatory part of all programs.

We'd love to hear your feedback to make our "The ICFAI University Newsletter - Palaash" more interesting, informative and vibrant for our readers!!!
