Vice-Chancellor**

Prof. O R S Rao holds B.Tech from IIT, Madras, and MBA from NITIE, Mumbai. He has over 45 years of blended experience (27 years in the industry and 18 years in academics and applied research). He has worked in senior roles in regular organizations in India and overseas like HCL Technologies, NIT, C-joint, GMR Group, and BHEL. Has been associated with the ICFAI group for the last 15 years.

skills, and character, through technology-enabled pedagogies," adds Prof. Rao. "The University currently offers Undergraduate, Postgraduate and Doctoral Programs in Management and Bachelor's programs in Engineering, Commerce, Law, Management, Science & Technology, and Diploma programmes in Technology (Diploma). In line with the local industry requirements in Jharkhand, the University has a focus on Mining Engineering and offers B.Tech and Postgraduate programs in Mining. All programmes offered by the University have contemporary curriculum, in-line with the latest developments in science, technology, and management and as per the changing requirements of the industry.

In Tune with the Industry 4.0
"Companies today have to spend a lot of time and money to train their recruits to make them productive on the job. If it can be achieved effectively, it will save considerable cost to the company and at the same time, enhance the employability of the fresh graduates. Besides, it will enable India to grow its GDP at a higher rate of growth," opines Prof. Rao. It is true that a large number of technical institutions in India have failed to train their students to be ready for the industry. Prof. Rao adds, "In order to prepare

OFFERING QUALITY AND AFFORDABLE TECHNICAL EDUCATION TO THE MASSES

With more than 220 million students and 14 million teachers, India has a massive school education system. However, the number of students moving from school to college is not proportionate. For states like Jharkhand, access to higher and technical education has been a huge challenge, and the government alone cannot make the necessary infrastructure to mitigate it. One of the few private education institutions that came forward to help the state of Jharkhand is ICFAI University, a group that pioneered quality higher education in India for over 50 years, with its motto – "Maurum Ethicis (Merit with Ethics)." "ICFAI University, Jharkhand is part of ICFAI Group. Our University was set up in Jharkhand with the objective of taking quality education to the doorsteps of the people of the state that cannot afford to pursue higher education

ICFAI University launches self-study portal

The screenshot displays the user interface of the ICFAI University self-study portal. At the top, it says 'ICFAI UNIVERSITY JHARKHAND' and 'Welcome'. Below that, it announces the '1st online session on FINANCIAL ACCOUNTING'. On the right side, there is a list of participants in a virtual classroom, including names like 'Anish Gupta', 'Sudhanshu Karmali', and others. The interface is clean and professional, with a mix of blue and white colors.

India - The ICFAI University, Jharkhand has developed a digital self-study portal, SWADHYAY, to facilitate learning and teaching to students of the university that are forced to stay at home due to lockdown restrictions in the wake of COVID-19.

Students of the university can continue their studies for the current semester by going through the digital course material that is uploaded on the in-house SWADHYAY portal by its faculty members.

Additionally, faculty members of the university started conducting virtual interactive classes for students, and available on SWADHYAY portal for future access.

All students expressed happiness with the SWADHYAY initiative, launched by the university within a few days of the lockdown announced by the government.

Feedback from students found multiple benefits including convenience, facility to go through the study material repeatedly, short quizzes for self-testing, online examination and online video classes to clarify doubts.

Students also said they feel SWADHYAY is a comprehensive portal, as it takes care of teaching, learning, and evaluation online.

In this process, the faculty members of the university are also learning new skills for digital teaching and evaluation, which prepares the university to march into the Next Wave- Education 4.0.

Mr. Avinash Pushpendra, BDO of Ratu Block, Ranchi District appreciated the services of ICFAI University to the poor people in the villages.

Maneka our Ph.D scholar “It is really a great effort to reach out to the needy at this moment, proud to be a part of this college which ensures education and CSR activities. Great commendable effort. With Almighty's blessings stay safe”

Col Sanjay our Ph.D scholar “It gives us a great sense of pride to be part of such an institution where in the faculty is involved in such a humane service apart from their academic responsibility as also taking care of their families in such a crisis”.

Vivekanand Ranadive said “Very noble act on the part of University & the Faculty”

EXPERIENCE OF OUR IUJ STUDENTS ON SWAADHYAY

Experience sharing by IUJ students about "Swaadhyay", the Digital Learning Portal recently launched by ICFAI University Jharkhand to enable students towards self study while staying safe at home during the COVID19 pandemic situation.

As we all are aware, due to COVID-19 issues, Lock Down is being implemented in Jharkhand upto 3rd May 2020, due to which classes are suspended at our University. However, in order to ensure regular studies, our University has developed a digital self-study portal, named Swaadhyay in which our faculty members provide digital course materials to students. I personally got benefitted a lot from this. I can access the materials any time at my convenience and clarify my doubts. Therefore I would like to thank our University for this new implementation.

Our regular on-campus are suspended because of lockdown due to COVID-19. Due to this problem, an initiative has been taken by our university which is digital learning named 'Swaadhyay. Through this digital learning portal our faculties send ppts, youtube links, lecture notes and lecturer videos which is very much helpful to maintain continuity in our studies. So I appreciate and thank our university for this new Implementation. THANK YOU.
