

Creative Expressions

CREATIVE EXPRESSION

Students participated during Posters competition. Students of ICFAI University gave presentations on water conservation, rain water harvesting techniques and ways of maintaining hygiene with the help of Video clippings and demonstration among the villagers of Simalia on the theme "Effective Water Management for Sustainable Development".

CHILD MARRIAGE

This is my Age,

I am only Twelve

What's the need to take me in trouble?

The dark clouds are hovering down

To make me more feeble and brown.

This is the time to change the future,

Instead of making my life full of pebbles.

Let's make it colorful rainbow's petals.

Getting me married is definitely wrong

Just make me educated and strong.

Who will decide my boy?

Who may destroy my joy

Dreams are there to fly with me

But no one is there to give the key!!!!
