

## **ICFAI University to introduce courses on Health and Happiness from 2017-18 Academic Year – May 19, 2017**

During the meetings held on 17th and 18th May 2017, Boards of Studies of Faculty of Management Studies (FMS) and Faculty of Science and Technology (FST) reviewed the program structures and course structures/syllabus of all programs and proposed a number of changes. It was proposed to introduce Digital Technology oriented courses like Cloud Computing, Big Data Analytics, Mobile Computing, Cyber Security, and Digital Marketing in the appropriate programs of the University.

Further, the University plans to introduce “Health and Happiness” as a compulsory course in all its programs. It covers physical health, mental health and spiritual health, which also includes Yoga sessions. This proposal will be executed on next academic council meeting.

Commenting on the proceedings, Prof ORS Rao, Vice-Chancellor of the University said, “Every year, our University systematically reviews all our programs and curricula in the light changes in Technology and changing requirements of the industry so that employability of our students is enhanced”. “Course on Health and Happiness will help the students to become more health conscious and lead a happy life” , added Prof Rao.
