The ICFAI Group

Pioneering professional education for over 30 years

ICFAI was established in 1984 as a not-for-profit society with the broad objective of empowering citizens through world class quality education. The Institute announced its arrival into the Indian education fora by launching a high end, innovative professional program in financial analysis in 1985. The Program was first-of-its-kind in India, aimed at equipping students and working professionals with latest trends with knowledge in contemporary areas of finance. Since its establishment, ICFAI Group has made a significant mark in the Indian educational arena with a Pan-Indian network and presence.

Innovation has been the mainstay of ICFAI Group with its prevalence in its programs and even its culture. Subsequently, there was a big leap when ICFAI Group started its chain of business schools (IBS) across India in 1995 to offer management program. Since its inception, ICFAI Business School (IBS) has been consistently ranked among the top ranked B-Schools of India providing excellent academic delivery and infrastructure to its students and transforming them into leaders for the future.

Another example that is a testimony to the culture of innovation is the introduction of Case Study methodology at IBS. The Case Research Center at IBS has become a center of excellence and has won several accolades across the world.

ICFAI Group has 2 Strategic Institutional Units, the ICFAI Universities and the ICFAI Business Schools. In all the programs offered across these units, the emphasis is on adherence to academic rigor and differentiated curriculum that bridges the industry-academia gap.

ICFAI Group focuses on learning rather than instruction. In addition, the institute is engaged in important areas of research covering environmental sustainability, agricultural

economics, health policy, financial economics, banking, intellectual property rights etc. There have been path-breaking research and good quality publications in these areas.

Flexible and tech enabled learning also plays an important role in ICFAI's teaching methodology. The delivery takes place with the use of hi-tech learning management system at campus programs and content delivery for distance learning through online medium.

ICFAI Group practices the value of academic integrity at all levels. As a policy, admissions are purely based on merit and there is nothing like capitation fee et al. The fee payable is published in the application material and that remains unchanged.

The ICFAI Group's culture of teaching and learning supports and fosters intellectual and personality development among its graduating students. They carry an attitude of ownership of their work. ICFAI Group strives to make the students - DOERS. The programs are designed such that the students & professionals graduating from the institution have the ability to take risks, make decisions and own the work. ICFAI Group system, strongly believes in developing an 'entrepreneurial mindset' among its graduating students.

At ICFAI, students inculcate research and analytical orientation due to its institutional strength and support for the research and development activities. Holistically, the student undergoes a transformative change.

The alumni of ICFAI Group are working in renowned companies world-wide. Collectively, ICFAI Group alumni contribute significantly to the growth story of India.

N J Yasaswy
(1950-2011)

Founder's Profile

Sri. N. J. Yasaswy (1950-2011), founder of the ICFAI Group of educational institutions and a pioneer in promoting higher education in the private sector had a brilliant academic career: B. Com (Andhra University 1969 – First Rank), CA Inter (May 1971 – First Rank), CA Final (May 1973 – First Rank), ICWA Inter (July 1970 – First Rank) and ICWA Final (July 1972 – First Rank). He was the recipient of the Basu Foundation Award for the Best Student of the Year from both – The Institute of Cost and Works Accountants of India (in 1972) and The Institute of Chartered Accountants of India (in 1973).

During 1974-1980, Sri. Yasaswy was associated with the Administrative Staff College of India as a Faculty Member. In 1981, he started his consultancy firm, Yasaswy Management Association (P) Limited. Hyderabad.

Sri. Yasaswy was appointed by the Government of Andhra Pradesh as Chairman, Andhra Pradesh State Trading Corporation (1985-88), and Vice-Chairman, Public Enterprises Management Board (1986-88). He was a visiting faculty member at the Indian Institute of Management-Ahmedabad (1986-88) and was nominated as a Member on the SEBI Committee on Accounting Standards. He was a member of the Board of Directors of the Association of Certified International Investment Analysts (ACIIA), Switzerland. He authored several books on finance and investments.

Sri. Yasaswy set up the ICFAI Group in 1985 without governmental sops or institutional funding, in an era where government support was the norm. He chose to spend all his energy on the fledgling institution which over the years grew to become a monument to what ambition can deliver. He was instrumental in building several business schools and universities in the developing states of India, particularly in the North-East region. He stood for professional management, excellence in the quality of education offered in the ICFAI institutions, and absolute discipline.

He was charismatic, a great teacher, an institution builder, a visionary and a genius who was years ahead of his time. His vision will continue to guide ICFAI forever.

Director USMO IT

"Sip is the important part of student career life, it give you practical idea that how things work into the market or may me how you need to be implement your theoretical ideas that you are working on. Whatever ideas comes in our mind its depends on us how we implement those things in practice and projects. We learnt many things from the different places and organization use those knowledge for the improvement of yourself. It is not necessary that every time you will win in the game so, being a part of that game is also important. If you are not the part of that it means you are not going to be winner or loser. So keep learning".

Mr. Niladri Das
Founder of Niladvantage Pvt. Limited

This is my 2nd year association with ICFAI University, Jharkhand. The students I got from IUJ were very good , fast leaner and sincere towards their work. When I have no words to thank faculty guides and students who have putting their efforts and time while doing the internship they have benefited the organization as well they have also learnt about the IT industry as a whole. I am sure that the peoples and kids trained from our side have seen the industry from very close. They will be definitely successful in their life and I wish all the best to them and wish a very success to ICFAI University, Jharkhand.

Mr. Gourav Kumar
Shriram Group Head of Bihar & Jharkhand Zone

I understand the importance of internship and live projects. We always believe that the students have their own skills there is only need to enhance their skill quality by giving them task and projects. The practical knowledge is very important. I will suggest all students to do more and more live projects.

Mr. Raja Ghosh

This is the first year of giving training to students of IUJ Ranchi. I have convinced my management that from the next year the intake from IUJ will be more than this present year- 2021 which will cover the students having program B.Tech, DIT ,BBA , B.Com and all Management students for 2022-23. The experience with IUJ students during SIP time was just amazing, They are very active and sincere also the attitude I saw in the IUJ students were so impressive. I compliment the all faculty guides and students who connected with me during training program and successfully completed the SIP 2021.

It's difficult to sum up the memories and experience of five years in few lines. I consider myself very lucky for being a part of ICFAI University Jharkhand. For me, Life at IUJ has been breathtaking and enriching. The time I spent here has taught me patience, endurance and humility while giving me a sense of belonging at the same time. IUJ offers a blend of learning, amusement and integration of enduring principles. Another feather in the cap are the professors that impart quality education to its students. Never can a student find himself lost in a concept and professors not being able to rescue him! This backed by an excellent Circullum ensures that as students we get the best and latest technical knowledge. What amazes me is the plethora of extracurricular activities that the Institute offers hence compelling every student to explore and pursue his/her extra talents. This is the place where seniors and juniors work hand in hand bringing laurels for their university by winning in national level competitions. The courses, expert lectures, and other co-curricular activities manifolds our knowledge in technical as well in other necessary lifelong activities. The growth I have seen in myself due to ICFAI, is invaluable. It has taught me things far beyond theoretical knowledge and helped me broaden my horizons. Proud to be a Icfaiian!

No doubt I made the best choice of my career; ICFAI University Jharkhand is one among those unique institutions which help students in not only building their career but also enhances distinctive competencies and skill-sets that help students grow in their professional life at an exponential pace. The Corporate Relation Cell is also equally hard working and determined to get the best companies with excellent packages for the students. The environment of college is very positive and inspiring. Overall my journey and experience with IUJ in the last three years of my graduation (BBA) has been absolutely wonderful. The kind of treatment that I've received from the faculty/staff of IUJ never made me feel even for a second that I am not from Ranchi. Thanks to all who have been a part of my university life, and for constantly encouraging me.

e- Conference on "Copyright Regime in the Digital Era" held at ICFAI

Today, the ICAI University Bharkhand organized National e-Conference on 'Changing Contours of Copyright' consisting in the Digital Era: Challenges & Opportunities.' Key Speakers were Dr. Venkat Reddy Donthi Reddy, IPR Attorney and Founder, RVR Associates, Hyderabad; Shri Prashant Kumar Singh, Member, Bar Council of India; Shri Rajesh Pandey, Secretary, Bharkhand State Bar Council, Shri Hemant Khosla, Deputy Registrar, Copyright Office, Govt. of India and Dr. A.V.N. Rao, Director, ICAI Law School, IFHE, Hyderabad. Dr. K. Symala, Director (Research and Training) and Dr. M.R.S. Murthy, Associate Professor & Registrar, both from National University for Studies and Research in Law (NUSRL), Ranchi chaired the technical sessions. Researchers' papers were presented by researchers, practitioners and students from reputed institutions like National Law Universities, IIT, Kharagpur etc.

Welcoming the participants, Prof. O.R.S. Rao, Vice-Chancellor of the University said, "In ancient India, Knowledge, the output of human intellect was shared freely through generations, from Gurus to Sishyas, for public good. However, in the recent times, as knowledge became a major source of wealth creation, right to that knowledge that is Copyright, has been taking a centre stage, to encourage the creators of the new Knowledge. "As the world is increasingly becoming more digital, Copyright protection should keep pace with technology, at the same time, balancing the interests of the creators/owners and the public users, like educational institutions".

Explaining the basic tenets of Copyright, which include originality, tangible expression of idea and commercial implications, Dr.

A.N. Rao emphasized the importance of Moral Rights versus Economic Rights of the author, by giving example. Dr. Venkat Reddy narrated the significance of Fair Use Doctrine under Copyright Act, referring to the Delhi High Court Judgement in the case of University of Oxford vs. Rameshwari Photocopy services, wherein the Court held that Copyright is not a divine right and is intended to increase the harvest of knowledge, not to impede it. Referring to the advent of Online Education in the wake of COVID-19 Pandemic, Shri Prashant Kumar Singh explained how the Judiciary fully supported use of copyrighted educational content in course of education. Shri Hemant Khosla reinforced the role of technology and cloud environment in the copyright regime and how digital content can be protected. He also explained the Triple Protection Mechanism. He also explained various initiatives taken by Govt. of India to keep pace with developments in Digital technology.

Out of over 50 papers that were received, ten best papers were presented by the authors through online mode. Speaking during the the valedictory session, Dr M R S Murthy highlighted that Indian IPR Protection regime is on par with that in developed countries. Dr Syamala explained the challenges faced from latest technologies like artificial intelligence and Robots in jurisprudence of digital copyrights.

The Conference was coordinated by Prof. Alok Kumar, Co-ordinator, Faculty of Law. Prof. Akriti Gupta, Faculty of Law anchored the event. The vote of thanks was proposed by Prof. Arvind Kumar, Registrar. Dr. Bhagabat Barik, Assistant Dean and other faculty members, students of the University participated in the event.
