The session began at 2:30 PM and was attended by faculty members of management and Law department

The research, conducted under the supervision of Dr. M. Rajkumar, delves into the profound effects prolonged civil litigation can have on individuals, families, and communities

Hands-on Learning in Action: Two-Day Tally Workshop at ICFAI Management School

In line with the National Education Policy's (NEP) emphasis on experiential learning, ICFAI University remains committed to equipping students with practical skills through hands-on training. As part of this initiative, Tally has been introduced as an audit course across various programs under the ICFAI Management School (IMS).

To further strengthen this vision, IMS has been regularly organizing short-term programs and workshops on Tally to enhance students' real-world accounting proficiency. Continuing this effort, a two-day Tally workshop is scheduled for April 24th and 25th, 2025, benefitting 65 students from different programs of the university. This interactive workshop aims to bridge the gap between theoretical knowledge and industry-relevant skills, thereby empowering students for future professional challenges.
