

Industry Academia Partnership

An MOU was signed between ICFAI University Jharkhand and NISM (The National Institute of Securities Markets, SEBI, Mumbai) for skill development, Professional Training, and certification of students in the Security market.

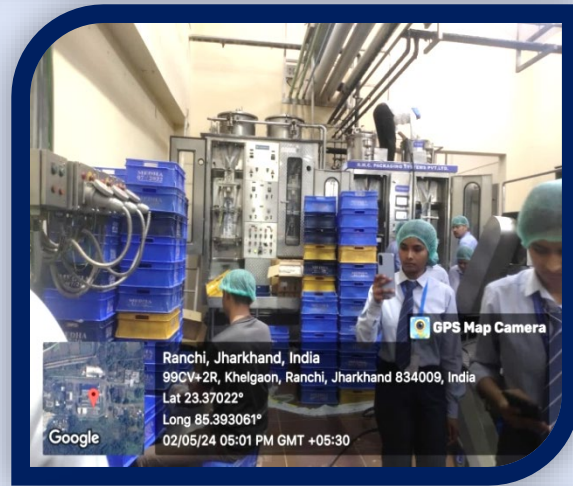

ICFAI University Jharkhand organized an industrial visit to the Central Tasar Research and Training Centre in Ranchi for the students of ICFAI Tech School.

The Vice-Chancellor, Prof. (Dr.) Raman Kumar Jha, extended his best wishes to the students emphasizing the value of such initiatives in bridging the gap between classroom learning and practical exposure. The Registrar, Prof. (Dr.) J.B Patnaik said that such industry visits allows students to engage with researchers and understand the broader implications of scientific advancements in improving livelihoods.

The visit was organized to showcase the innovative practices at the Central Tasar Research and Training Centre, a renowned institution known for its contributions to Tasar silk production and sustainable sericulture. Students engaged with eminent scientists, including Dr. Vishal Mittal and Dr. K. Jena, who provided a comprehensive overview of cutting-edge research in silkworm genetics, disease management, and eco-friendly farming practices. They also observed hands-on demonstrations that highlighted modern techniques aimed at enhancing productivity while maintaining environmental sustainability.
