

ICFAI Family

A Mentor–Mentee meeting was conducted for the students of BBA and BBA (Business Analytics) at ICFAI University Jharkhand on 18th Feb 2026. The session provided a meaningful platform to listen to students’ academic concerns, career aspirations, and personal challenges. It was truly encouraging to witness their openness and enthusiasm. Beyond academic guidance, such meaningful interactions build trust, encourage open communication, and leave a positive imprint on their academic journey as well as personal and professional growth.
