

30 days of lockdown transformes education at ICFAI University into Digital Learning

MI NEWS SERVICE

RANCHI: It is 30 days since the Lock-Down was announced by Government of India to protect the citizens from the Pandemic, COVID-19. While it has caused hardship to all the people of India, the silver lining is - it enabled the ICFAI University, Jharkhand to become an excellent Digital Learning Institution, "A University that never sleeps". "SWAADHYAY" initiative, launched by ICFAI University, Jharkhand, helped its students to continue their studies, staying at home, even during nights and on Sundays, too.

Now, Swaadhyay contains over 1,700 items of digital study material like PPTs, Video Lecture, Case studies, Bullet Points Notes, Assignments etc for all the programs, offered by the University. In order to supplement the self-study learning of the students, Online Interactive classes were conducted, wherein difficult concepts were explained and doubts of the students were clarified. For the benefit of the students that could not attend the online classes, the lectures are recorded and

were made available on Swaadhyay portal for access by the students, any time. So far, 129 online tests were conducted, wherein students took the tests, from home, using lap tops and smart phones, Viva Voce for final year B Tech students, who did internships in the Industry, from early January to 3rd week of March 2020, were conducted online, wherein faculty guides and company guides evaluated the students.

Online feedback received from the students indicated

that Swaadhyay is being used by the students, for over 2 hours per day and benefits they received are the facility to go through the study material any time, as per their convenience, short quizzes for self testing etc.

Addressing the press through online Video Conference, Prof O R S Rao, Vice-Chancellor of the University said, "We are delighted that our students could continue their studies, uninterrupted, from their homes, most of them at their native villages. We are grateful to our students for their co-operation and to our faculty members that have been working hard to prepare digital content and upload it on Swaadhyay Portal". "COVID-19 crisis will dramatically change the future education system. Our successful experience in implementing Digital Learning will enable us to provide better quality of education to our students, post COVID-19 also", added Prof Rao.
